Opis produktu

Today, **Nuclear Winter Records** announces January 24th as the international release date for **Golgothan Remains**' crushing album, *Perverse Offerings to the Void.* Previously self-released on CD by the band and sold out for a while now we're honored to re-issue it officially on CD with revised layout!

LP vinyl version was released a few years ago by Nuclear Winter Records in alliance with Sentient Ruin Laboratories.

Spewn from a place of utter chaos and lightnesses, on their inaugural 2018 full-length offering "Perverse Offerings to Void" Sydney-based Australian death metal harbingers Golgothan Remains impose a previously unseen new strain of dark death metal annihilation entirely their own, stitching together the timeless brutality of bands like Incantation, Immolation, Necrovore, and Morbid Angel on one side, and the transformative sonic bedlam of visionary bands like Ulcerate, Dead Congregation, and Adversarial on the other, to create a majestic extreme metal behemoth of unseen magnitude, completely unrestrained in its famished quest for complete ruin, and magnificent in its imposing display of pure darkness.
