Opis produktu

CD in Jewel case with 16-page booklet.

Canada's long-running and much loved craftsmen of technical death metal are returning with a 33-minute song. Entitled 'Pleiades' Dust' this complex, image evoking, and masterly arranged eponymous track fills an entire EP. Expect the unexpected when it comes to GORGUTS.

In an age of a postulated clash of cultures, mastermind Luc Lemay delivers a piece of music that is conceptually and lyrically based on the "House of Wisdom", a medieval library based in Baghdad and at the heart of the Golden Age of Islam with its many scientific breakthroughs in various fields of learning.

As Luc comments: "It is a story about curiosity, beautiful minds and sadly, about how man destroys great discoveries and achievements."

For fans of DEATH, CRYPTOPSY, NECROPHAGIST, SUFFOCATION, OBSCURA, ORIGIN.
