Opis produktu

Gråande is a new project by Nachtzeit from Lustre – the Swedish icon of ambient black metal - who's teamed up with vocalist and lyricist Nichil. The EP offers two dirges richly textured by droning riffs and dreamlike minimalism. The keyboards and melodies bear all of Nachtzeit's hallmarks but stake out a path into more ominous territory. Thematically, "Gråande" explores what it means to lose your connection to nature and give in to darkness and death – both within and without.
