New project of Graav ( ARMAGEDDA , LIK , EHLDER ... ) - Nordic Folk Metal

"-Naturmystik I Midsommartid" is about Swedens old moral foundations, the love between man and woman, the folklores concerning the natural "supernatural" in our forests, thoughts about life after death and the pride of being blessed growing up in this area, love for family, our nature that barely are left today and the pride of being a part of the history of Norrland. Hope you enjoy the music and celebrate summertime like children.
