Smell the stench of the past...
The long overdue re-issue on 2cd and limited trifold 3LP featuring artwork by the late great Timo Ketola, sees 31 tracks of pure death metal evolving from CORPSE to PUTREFACTION to GRAVE.
Amazing complete works featuring all demo's and then some, accompanied by pictures and artworks from the particular releases, an interview with Jörgen Sandström by Nicola Costantini and additional info.

SILENT IS THE MOURNING FROM THOSE WHICH GOD FORGOT
