GRAVE‘s “**Out of Respect for the Dead**” is an absolute powerhouse of old-school death metal. From the crushing riffs to the guttural vocals, this album is a must-listen for any fan of the genre. The standout track is “**Plain Pine Box**“, which perfectly encapsulates the band’s signature sound with its relentless aggression and dark atmosphere. The production quality on this album is top-notch, with each instrument coming through crystal clear and adding to the overall heaviness of the music. The lyricism on “**Out of Respect for the Dead**” is dark and introspective, delving into themes of mortality and the afterlife. **GRAVE** has always been known for their uncompromising approach to death metal, and this album is no exception.

Compared to their previous works, “**Out of Respect for the Dead**” feels like a return to form for **GRAVE**.

In conclusion, “**Out of Respect for the Dead**” is a fantastic addition to **GRAVE**‘s discography and a must-listen for any death metal fan.
