## Opis produktu

The new album is a musical departure for HACAIVTZ. While long players like 2005's Venganza 2007's Katun and 2010's Metzli Obscura were grounded in bestial Death/Black Metal on Darkness Beyond the group has shed it Death Metal influences in favor of superbly crafted Black Metal hymns. Ferocity and grimness permeate what turns out to contain the most memorable material of HACAIVTZ's outstanding body of work.
