Opis produktu

THE CRYPT is proud to announce our cooperation with New Jersey Based, cult thrash metal act HADES, to reissue their amazing 1987 debut album "Resisting Success" with a plethora of rare demo and unreleased tracks from the band's personal archives.

Carefully mastered from the original analog sources for the best possible sound, and designed after the original release, featuring original cover artwork, taking elements from the original layouts with attention to detail, even down to the logo and typeface for a touch of nostalgia. Also included are tons of unpublished classic band photos, flyers and brand new liner notes from original founding member Dan Lorenzo.

Limited to 500 copies, 175 will be on gold vinyl
