Opis produktu

1036 x Kelly Green with Blood Red, Bone White and Red Splatter Standard Gram

Spanish goregrind stalwarts **HAEMORRHAGE** spew forth their most ferociously (de)composed album to date with their seventh studio album *We Are The Gore*. Embalmed at Mpire Studio in Madrid by Alfredo and Javi Ustara and mastered by Brad Boatright (Obituary, Nails, Skinless), *We Are The Gore* embodies 14 tracks and 35 blood-soaked minutes of pathological gore, ideal for listening to in mortuaries and mausoleums. With numerous guest appearances from current and former members of Carcass, Impaled, Dead Infection, Ghoul and others, **HAEMORRHAGE** take their nauseating blend of scalpel-sharp riffs, triple threat guttural vocals, and bone-scraping rhythms to a new extreme. One listen to *We Are The Gore* will leave you soaked in buckets of bile and feeling like a freshly made cadaver.
