IRON BONEHEAD PRODUCTIONS is proud to present a brand-new EP from HAGZISSA, Revelry of a Maltreated Jade, on CD and 12" vinyl formats.

Over six years have passed since HAGZISSA's successful debut album, They Ride Along. Some may have even declared the Austrians as dead in between; however, HAGZISSA never ceased to wander the borderlands of the here and beyond. In silence and yet in turmoil, too, a nightmare has been slain and gutted - in necromantic pride, its offspring gleams and dances to never-ending music of the night!

HAGZISSA's brand-new Revelry of a Maltreated Jade EP is a showcase of a pack in motion, marking this as the last recording with A White Pawn (Kringa, Weathered Crest et al.) and the first with V.Adalbert II (Sněť, Bahratal et al.). The four-song work is immediately recognizable as HAGZISSA: a now-trademark style of eyrie, olde-worlde black METAL that's obscure, enigmatic, and unbound. Here, intensities are both reigned in and let loose to roam even wilder, as Iron Curtain heavy metal magick weaves a spell perhaps even more potent than said full-length. The result is somehow more approachable and more foreign, but compellingly potent either way.

With heads both in the past and the future, thus passes the glory of the world and dives deep into another plane! Can't you hear their flutes and horns and whispers? So come, then, and join in boisterous battue
