Opis produktu

Crawling through the gloomy atmospheres of cavernous Black and Death Metal, Half Visible Presence is a solo-project by Tiúval (Israthoum, etc), remaining shrouded in a mysticism of its own, adorned by melancholy, morbidity and foul scourge.

"Three-Faced Scapular of Death" is a conceptual work portraying three different perspectives on Death: Loss, Liberation and Retaliation.

For this purpose a collaboration was made with the Portuguese writer José Luís Peixoto, who conceded three exclusive texts for the project.

This MCD is a full immersion into the merciless realms of Death. A deep, dark journey through the stone-cold necrosphere, crushing the pillars of existence.
