Opis produktu

After 16 years of deathlike slumber, Hate Forest is back with a new album called " Hour Of the Centaur" created and recorded in few days of April 2020. You will not find anything trendy or new here - band's same unpenetrable dark wall of sound and bottomless maelstrom exclusively.

This is laconic and honest black metal crafted on Old Europe's eastern frontier, full of disgust to modern pseudo-intellectual, selfie/ Instagram "black metal".

Re-issue, 200 x black 12" (180g) in a black poly-lined innerbag, download card, 20 page vinyl size booklet., full-color on 140g offset paper, jacket, full-color with black flood inside on 350g uncoated, all assembled in a PVC overbag.
