Opis produktu

HATE FOREST born in 1995 and split-up in 2004.

A true legend of Slavonic Black Metal, never being part of the scene, never giving interviews or making photos, the band crafted own name with their extreme individualism and estrangement.

HATE FOREST's music can be described as grim, cold, aggressive and straightforward black metal, mostly very fast with low, distorted vocals and dark ambient elements.

The band's lyrics are heavily influenced by Scythian and Slavic legends, the mythology of H. P. Lovecraft, and the philosophy of Friedrich Nietzsche.

In 2009 Osmose Productions and HATE FOREST members sign a deal to re-issue all the back catalog of the band, and this start with the SCYTHIA album.

Actually this album was recorded more than 10 years ago in cheap studio with minimum equipments in Ukraine, though this is real, sincere crushing black metal !

The way it should be !

Re-arranged, Re-mastered, with a fully dedicated and improved booklet on CD jewelcase.
