Opis produktu

HATE FOREST born in 1995 and split-up in 2004.

A true legend of Slavonic Black Metal, never being part of the scene, never giving interviews or making photos, the band crafted own name with their extreme individualism and estrangement.

HATE FOREST's music can be described as grim, cold, aggressive and straightforward black metal, mostly very fast with low, distorted vocals and dark ambient elements.

The band's lyrics are heavily influenced by Scythian and Slavic legends, the mythology of H. P. Lovecraft, and the philosophy of Friedrich Nietzsche.

In 2009 Osmose Productions and HATE FOREST members sign a deal to re-issue all the back catalog of the band, and here the second album.

This is surely an excellent way to end Hate Forest's reign over Eastern Europe as one of the premiere black metal bands of the region ! The rest is silence...and respect !

Re-issue, revisited layout, CD jewel case edition.
