Havukruunu's UINUOS SYÖMEIN SOTA reissued in September

Svart Records continues to reissue the albums of **Havukruunu**, bringing their 2020 classic *UINUOS SYÖMEIN SOTA* back on the market in September 2025.

Havukruunu's third album *UINUOS SYÖMEIN SOTA* is widely praised for its epic and melodic black metal, combining heavy metal influences with folk music. The album is celebrated in particular for its catchy melodies, powerful atmospherics, lush guitar solos and choral vocals, which create a unique blend of bleak heavy metal and other genres. The album has been compared to the works of **Bathory** and **Moonsorrow**, but critics have put Havukruunu on their own level for having such a unique style. True Finnish Forest Metal.

Uinuos syömein sota is available on Svart exclusive White/Dark Green marble vinyl, limited Transparent Magenta vinyl, classic Black vinyl, CD, and Cassette Tape editions on September 12th, 2025.
