Opis produktu

Jewel case CD, with one acoustic bonus track and 20-page booklet.

40 years have passed since Heavy Load released their latest all new album, "Stronger than Evil" (1983). Heavy Load's comeback album "Riders of the Ancient Storm" rings of their well-known sound and songwriting. Still, many songs echo these pioneers' famous Viking themes and existential lyrics. The compositions are dramatic and render a great variety of moods. At the same time, passionate innovation and creative fervour shine bright in every song on the comeback album.
