### Opis produktu

**Jewel case CD, with one acoustic bonus track and 20-page booklet.**

40 years have passed since Heavy Load released their latest all new album, "Stronger than Evil" (1983). Heavy Load's comeback album "Riders of the Ancient Storm" rings of their well-known sound and songwriting. Still, many songs echo these pioneers' famous Viking themes and existential lyrics. The compositions are dramatic and render a great variety of moods. At the same time, passionate innovation and creative fervour shine bright in every song on the comeback album.
