## Opis produktu

Jewelcase CD w/ 8 page booklet.

HEIMLAND has been presenting timeless pagan black metal since their start in 2016. Heimland means homeland or motherland in Norwegian. The band takes inspiration from the orginal second wave of True Norwegian Black Metal. Think about early Ulver, Enslaved, Gorgoroth, etc etc. Think about the sun´s last burning rays before it goes to sleep or shine upon another land. This is where you´ll find Heimland´s homeland in music.

This autumn they follow up the highly rated “Forfedrenes Taarer”, with the much anticipated “Der Torv Moeter Hav”. Still embracing the past, broken dreams, nature, worn swords and endless landscapes, they stand like a pillar against the future. Embracing the darkness of the past and blackening the promise of a new tomorrow. Heimland is a band who is not afraid of the past, are proud of their heritage but still always looking outwards.
