Opis produktu

Currently taking the Metal world by storm with **Warlocks Grim & Withered Hags**, **Peaceville** presents **Complete & Total Fucking Mayhem**, which contains the earliest works of Hellripper.

Combining numerous recordings which featured on a series of demos and underground releases, the set commences with 2015’s initial recordings of the cult The Manifestation of Evil demo.

Complete & Total Fucking Mayhem includes fifteen anthems to the dark side, with a masterful repertoire of pure, raw, unadulterated high octane blackened thrash/speed metal.

Inspired by the likes of old-school legends including Venom, Kreator, Sabbat [JPN] and Metallica, James McBain formed Hellripper in 2014 and with the release of the debut EP The Manifestation of Evil shortly after, the Scottish band was already making a very clear statement of hellish destruction with an electrifying brand of blackened thrash. Building on the momentum of the debut EP with a string of split releases, the debut album Coagulating Darkness was released in 2017 to media acclaim, with the UK’s Metal Hammer hailing Hellripper as “Scotland's King of the arcane mosh” & the band receiving attention throughout Europe and the US. This was followed by the EP - Black Arts & Alchemy, before an eventual deal was inked with Peaceville, resulting in 2020’s The Affair of the Poisons, leading on to 2023’s monumental breakthrough release, Warlocks Grim & Withered Hags.
