Opis produktu

6 years after the rehearsal demo we will finally release our debut album 'Where Voices Leave No Echo" on October 22nd 2021 through Sepulchral Voice Records.
The filth and bestiality displayed on the demo give way to a brilliance and virtuosity within, utilizing all the indispensable ingredients for a grand Black/Death Metal album: mania & madness, tension & atmosphere, frenzy & melody.
Elevated by an outstanding earthy and highly professional production in this disdainful world of compression and plastic and refined through mastering by Brad Boatright (Audiosiege), 'Where Voices Leave No Echo' is perfected through artwork by Ernst Morsch (Discordia Graphics).

"All in all, a surprising masterpiece that really does not feel like a debut at all. It is massive, dark, individual, and yet extreme."
(4 of 5 points, The Metal Wanderlust Webzine)

"Horns Of Domination befördern sich mit diesem Album voller Verzweiflung, Wut und Anmut, das mit jedem Durchgang neue Geheimnisse offenbart, mal eben in die Beletage des anspruchsvoll gestalteten Kapuzen-Extremmetalls."
(9 of 10 points, Deaf Forever Zine #44 6/2021)

You'll die here, in solitude!
