Opis produktu

Black 12" vinyl (33 rpm) in gatefold with double sided insert.
First pressing 1,200 copies worldwide.

With 'Ontological Mysterium', HORRENDOUS have built a towering death-metal thrill ride. The sheer size and scope of their new album is massive. Riffs twist and turn through labyrinthine arrangements, busting out into soaring melodic leads. 'Ontological Mysterium' captures the true spirit of the halcyon days of extreme metal. It sounds timeless but marks a bold step forward for this rising band.

For fans of (mid-period) DEATH, (early) ATHEIST, CORONER, SADUS, MARTYR.
