Opis produktu

The CD is a jewel cased edition.

No trends. No fear. Just unstoppable Swedish Thrash Metal!

Hostilia’s debut album “Face the Fire” is a no compromise statement from Sweden’s most explosive new Thrash Metal band.

Formed in Gothenburg by brothers William and Albert Lindeblad, Hostilia has grown into a razor sharp five piece known for their ferocious live shows and relentless drive.
There’s nothing artificial about this band.

Besides the drums which were tracked at Top Floor Studios with Jakob Herrmann, the band
recorded and produced the album by themselves.

“Face the Fire” blends raw energy with organic precision.

Songs like “Eternal Death” and the title track showcase a sound that’s fast, aggressive, and built for the stage.
With national TV features, support for Dismember and The Haunted, and praise from legends like Gene Simmons, Hostilia are not just part of the next generation... they’re leading it!

• There’s a buzz around Hostilia, this fall is packed: they’re playing shows with Dismember and heading out on tour with The Haunted
• Guitarist Anders Björler of At The Gates makes a guest appearance on “The Storm (Instrumental)”
• Front cover by Karl-Oskar Hansson (The Dahmers)
• Recorded by Jakob Herrmann at Top Floor Studios (Evergrey, Devin Townsend, Anthrax, Grand Magus) and Hostilia
