Opis produktu

Label: 7 Mater

Format: CD in Luxurious Triple 7' Vinyl Gatefold

Cat Nr: SM 101170325 CD

Barcode: 0617669420881

Release Date: 21.03.2025

Style: Heavy Metal, Power Metal

- Luxurious Triple 7' Vinyl Gatefold
- Includes Booklet
- Limited edition (1.000 copies)

7 Mater proudly presents:

Iced Earth - Iced Earth

In 1990, the metal world was forever changed with the release of **Iced Earth**, the self-titled debut by **Jon Schaffer**'s brainchild. Released under the fledgling label **Century Media**, this album laid the foundation for a legacy of power-infused thrash metal and quickly established **Iced Earth** as a force to be reckoned with.

From the first note to the last, **Iced Earth** is a masterclass in blending blistering speed, intricate melody, and darkly theatrical atmosphere. The guitar work, driven by **Schaffer**'s signature galloping riffs, is the undisputed heart of the record. Songs like "**Colors**" and "**Funeral**" are pure adrenaline, showcasing the band's ability to shift between pummeling aggression and intricate harmonies. Meanwhile, vocalist **Gene Adam** delivers a raw, unpolished performance that, while divisive among fans, adds an urgent, primal energy to the mix. One standout track, "**When the Night Falls**" hints at the epic storytelling and compositional ambition that would define Iced Earth's later works. Clocking in at over nine minutes, it's a sprawling journey of haunting melodies, relentless rhythms, and dynamic shifts that keeps listeners enthralled from start to finish.

The production, while not as polished as future releases, perfectly captures the gritty essence of the early '90s underground metal scene. It's an unfiltered window into the band's burgeoning talent and ambition, making the album feel as much like a historical artifact as a sonic powerhouse. For fans of thrash metal, power metal, or anyone craving unrelenting energy with a touch of dark drama, **Iced Earth** is an essential listen. It's not just the start of a band's career; it's the birth of a legend.

The reissue of **Iced Earth**'s debut album in the Deluxe Edition is nothing short of a treasure trove for metal enthusiasts and collectors alike. Released by **Sevan Mater**, this meticulous reimagining of the 1990 classic elevates an already legendary album into an unforgettable experience. The Deluxe Edition is a feast for the eyes and hands. Housed in a triple gatefold sleeve that showcases stunning original and reimagined artwork, it exudes premium craftsmanship. The inclusion of a 7-inch format adds a nostalgic charm, while the numbered edition (1,000 copies) gives collectors an extra layer of exclusivity. **It's**

not just a reissue—it's a celebration of metal history.

The album has been masterfully remastered for CD, giving the iconic tracks a new life with enhanced clarity and power. With the care and detail poured into this Deluxe Edition, it's clear that Iced Earth's legacy continues to burn brightly. Metalheads, take note: this reissue doesn't just scream metal—it roars it. Get it while you can, because this numbered edition will disappear faster than a double bass drumroll!
