Cat Nr: SM 102170325 CD

Barcode: 0617669420898

Release Date: 21.03.2025

Style: Heavy Metal, Power Metal

- Luxurious Triple 7 Vinyl Gatefold
- Includes Booklet
- Limited edition (1.000 copies)

7 Mater proudly presents:

Iced Earth - Night of the Stormrider

A True Metal Masterpiece Reborn. Few albums in metal history can claim the enduring power and mythos of **Night of the Stormrider**, **Iced Earth**'s sophomore offering that originally stormed onto the scene in 1991.

This deluxe reissue, presented in a triple gatefold 7" format, limited to just 1,000 numbered copies, is not merely a re-release, it's a resurrection of one of the greatest concept albums ever created.

Night of the Stormrider is a blazing storm of aggression, melody, and storytelling. The album chronicles the spiritual descent of a betrayed protagonist who makes a Faustian pact, becoming a vessel of vengeance and destruction. It's epic, dark, and laced with an emotional intensity that rivals Greek tragedy. The band's signature mix of intricate thrash riffs, galloping rhythms, and soaring melodies is on full display.

Tracks like "**Angels Holocaust**" and "**Travel in Stygian**" are as thunderous and technically dazzling as ever, while the melodic grandeur of "**Desert Rain**" reveals **Jon Schaffer**'s knack for crafting haunting atmospheres. Vocally, **John Greely**'s fiery performance delivers the apocalyptic drama with raw power and theatrical flair.

This reissue takes the experience to the next level. The triple gatefold design is a visual feast, featuring new artwork that reimagines the stormy chaos and grandeur of the original cover. Each fold-out is meticulously designed, with lyrics, band photos, and original liner notes paying homage to the album's legacy. For longtime fans, this reissue is a monumental tribute to a classic. For newcomers, it's the ultimate way to experience **Night of the Stormrider**, an album that encapsulates the heart of Iced Earth's legacy and the passion of the metal community.

Don't miss your chance to own this numbered limited edition, with only 1,000 copies, it's a must-have for collectors and die-hard fans alike. This reissue ensures that the storm still rages on, louder and more majestic than ever before.
