9. Metempsychosis

Australian death metal monstrosity IMPETUOUS RITUAL will unleash their new album "Iniquitous Barbarik Synthesis" on May 12th. "Iniquitous Barbarik Synthesis" is the follow-up to 2017's "Blight Upon Martyred Sentience" and presents itself as the most unnatural, abnormal, and nightmarish IMPETUOUS RITUAL offering yet.

Nine tracks of uncanny metaphysical ambient death metal terror.
