INCANTATION Frontman John McEntee Comments:
"I’m super happy about the release of this box set. It’s an awesome representation of our early days as a band and captures the massive progress we made in such a short time. I’m forever grateful to everyone involved in this journey. This release is extra special to me because it includes the three recordings that Ronnie Deo (R.I.P.) played on. I’m very proud of these releases and truly feel that all Incantation supporters will enjoy this special release as well."
