Opis produktu

INGESTED will release their newest album The Level Above Human on April 27th through Unique Leader Records. The album, which was produced by the band, engineered by Stu McKay (Arcania, Dyscarnate) and mixed and mastered by Christian Donaldson (Cryptopsy, Beneath the Massacre), showcases the band's most exciting, brutal, and interesting material to date. The Level Above Human is a career defining album from these titans of British death metal. 2018 will be the year of INGESTED's global domination.
