Description:

Pain Effulgence, the third LP from INNUMERABLE FORMS sees founder Justin DeTore (Dream Unending, Sumerlands) and crew (who comprise of members from bands such as Iron Lung, Power Trip, Mammoth Grinder, and Genocide Pact) deliver their most powerful tectonic-shifting release yet. To be released on Aug 22 Pain Effulgence sees INNUMERABLE FORMS elevate the trajectory, initially brought forth with their Punishment In Flesh debut and 2022’s Philosophical Collapse, to a new plateau of megalithic death/doom artistry. Old-school early ‘90s Finnish death metal coalescing with early ‘90s UK death/doom (i.e. OLD Paradise Lost and OLD Anathema) continues to be the blueprint upon which INNUMERABLE FORMS contrive their sound from and with Pain Effulgence, it continues to become that much more towering and imposing. Akin to feeling the weight of an immense ancient stone of granite being lowered upon you, overwhelming suffocating darkness and monumental mournful triumph, Pain Effulgence was produced by Arthur Rizk and features art by Katie Muller.
