### Opis produktu

Captured at 16th Cellar Studios in Rome (FleshGod Apocalypse, Hour Of Penance, Hideous Divinity, etc.) by Italian death metal mastermind Stefano Morabito (Eyeconoclast, ex-Hour Of Penance), Cyclonic Void Of Power delivers ten brand new tracks of the band's traditionally fast yet chaotic and wildly technical brand of sonic malevolence. A concept album divided into three separate chapters, Cyclonic Void Of Power follows the mystical, mythological and magic chaotic universe the band has explored on previous outings into far more complex realms.
