Opis produktu

INVICTUS PRODUCTIONS is proud to present a brand-new EP from Italy’s INTO DARKNESS, *Cassini – Huygens*, on 12″ vinyl format.

Formed in 2011, Italy’s INTO DARKNESS have been a work in progress for the last decade-plus. Led by vocalist / guitarist Doomed Warrior from the very beginning, the band have a handful of demos, a couple splits, and now a couple EPs to their name; while all short-lengths, they’re certainly not lacking in quality. And while they’ve experienced a few hiatuses and just as many lineup shuffles, INTO DARKNESS are now poised to make up for lost time *Cassini – Huygens*.

As suggested by its title, *Cassini – Huygens* is the latest cosmic tale from the increasingly space-obsessed INTO DARKNESS. But lest one expect this EP to travel among tech-death starts, Doomed Warrior and her space-crew stick to staunchly old-school death metal in the vein of Asphyx, Pentacle, and early Soulburn, brimming with the thematic splendor of space rather than being entirely overrun by it. Totaling 27 minutes of music, the EP’s five tracks encompass a concept based on the Cassini-Huygens space mission to Saturn: an immersive journey in the most exciting interplanetary mission ever done. Blast off and lose thyself in the cosmic maelstrom of INTO DARKNESS’ *Cassini – Huygens*!
