Portuguese black metal force IRAE return with their most ambitious work to date, *In the Key of Twilight*, a concept album about overcoming oneself, as a human, and as the man who made god. Across its bleak yet transformative soundscapes, the record explores opening doors, breaking barriers, and forging new paths, rising from extinction into the light.

A bold evolution in IRAE’s discography, *In the Key of Twilight* combines the band’s trademark ferocity with an expansive, narrative driven approach. Each track unfolds like a chapter in a journey of destruction, transcendence, and rebirth.
