Opis produktu

LP details:

- Coloured Vinyl (Galaxy effect)
- Lyric insert
- Reverse board jacket

Scandinavian in soil and spirit, "Hädanefter" is the harsh debut album of JORDFÄST. Steeped in both earthen melancholy and icy brutality, this rugged record originating from the realm of black metal pulls no punches; instead charging forth with ruthless melodies and pummeling, muscular grooves.

JORDFÄST's bleak voice is an ancient one, somberly contemplating the grievous disharmony in our existence, as the vast forces of nature dwarf the self-deceiving minds of mankind. From the Swedish forests, this long lost call carries out the wails of the past, reminding us that death is ever around us, in soil and spirit. Tracklist:

Tracklist:

1. Buren av loppor
2. Hädanförd
