Opis produktu

The 12th studio album from Death Metal Veterans, JUNGLE ROT.

DAVE MATRISE (Vocals/Guitars):
"Let's start off by saying what an amazing accomplishment it is to hit 12 releases in my career. Never would I think I'd still be doing this 30+ years later. I guess be careful what you wish for I'm very grateful to all of our fans that have supported us for so many years and for never giving up on us.
To my bandmates for all of their hard work and dedication to me and JRot over all these year's.
Cruel Face Of War will not disappoint.
It's full of crushing grooves and violent hooks that will surely break anyone's neck.
We have stood the test of time. We are still here playing our trademark style of Oldschool Death Metal that has carved a legendary name for us in the underground scene today."
