Opis produktu

As a room's confining embrace, Kamra grabs and plunges you in a world of allegories, ruminations and imagery with their upcoming debut Cerebral Alchemy. There is no shortage of uneasiness intertwined with familiarity through sounds of those who came before and left their whispers for this five-piece to interpret in a disturbing, brutal, unnerving, beautiful and even caring way.

There is a black metal atmosphere with a kick of old school death metal, while the vocals leave one questioning the genres. As such Kamra is still veiled and secretive, as it is not exactly known who the members are.
