### Opis produktu

2020 reissue of **Katatonia**'s legendary 1993 debut album on vinyl in non-gatefold cover with printed inner sleeve.

Recorded at Unisound Studios, April 1993 and released later that same year, the engineering and mixing was by Dan Swanö (Opeth).

On **Dance Of December Souls**, Katatonia delivered a more Doom/Black Metal styled music, whilst also displaying the trademark sorrowful and hypnotic guitar melodies which are still evident in the band's work.

The album exudes an atmosphere of melancholy - accentuated by the growled, despairing vocals of Jonas - and established Katatonia as one of the leaders of the Gothic Doom movement (alongside the likes of My Dying Bride and Anathema).
