Opis produktu

Amazing vinyl edition in noble 350 gsm gatefold sleeve with 5mm spine. Comes with folded A2 poster printed on 150 gsm art paper.

HELLENIC PAGAN CULT

KAWIR formed in the Greek black metal scene of the 90s and have been exploring Greek mythology, literature, and mysteries for 30 years - and no other band really captures the essence of those stories and times the same way.
With ‘Kydoimos’ KAWIR has reached an ambitious point they've been working towards for a couple of records now.
An essential album for fans of Rotting Christ, Necromantia, Varathron, etc!
