Opis produktu

Kêres (FIN) – Misticismo Senza Radici – 2LP

His Wounds Records 2025

13 songs totaling 70 minutes
Another brilliant album of Doom-y Black Metal supremacy.
Atvar again dives into a sound that is closer to that of albums like “Eidolon Abraxas” or “Battle Secrets”, combining the overall mystic and spectral nature of his sound with old school elements of acts like Celtic Frost, Tormentor, Mortuary Drape, Death SS, etc.
That 80’s Italian influence seems to be the biggest inspiration for this album., not just due to the Doom-y occultist vein and insidious grooves present in some of this riffs, but also the clear choice of Italian for the titles which seems a nod to that same scene.
Cover by Nicola Solieri (Goatfire, Hellflame Productions)
