Opis produktu

Khold's second studio album of cold and primitive Norwegian Black Metal.

Releases just one year on from the band’s debut Masterpiss of Pain, the tracks on **Phantom** were once again a fine concoction of mid-paced, often groove-laden Black Metal, with old-school riffing and a prominent bass presence.

Presented on vinyl for the first time with inner sleeve featuring lyrics.

Norwegian black metal band Khold formed in Oslo in the year 2000, by Gard & Sarke (also known from his own, self-named act, alongside Darkthrone's Nocturno Culto). Khold is what emerged out of the ashes of the cult band Tulus. Khold has recorded 6 albums to date, & have successfully toured with bands such as Satyricon & Behemoth in the past. Khold is also notable for their use of old Norse for song-titles & lyrics.

Phantom was Khold’s second album, released in 2002 on Moonfog Productions, just one year on from their debut Masterpiss of Pain. The tracks on offer were once again a fine concoction of mid-paced, often groove-laden black metal, with old-school riffing, & a prominent bass presence helping to drive the tracks along. Khold quickly became firmly established in the black metal world as a serious force in this newer wave of Norwegian acts.

This edition of Phantom is presented on vinyl for the first time, and contains inner sleeve featuring lyrics.
