Opis produktu

CD version of Ingen Skånsel.

Includes bonus track: Elevert Hinsides Tilstand (CD only track)

After an almost decade-long period of dwelling in the shadows, Koldbrann returned with a series of select festival appearances in 2022/23, premiering new material and proving that they're still full of cold grimness and misanthropy, and completely void of compromise. After last year’s 2-track 7” single “Den 6. Massedød (Manna fra en annen himmel)”, their long-awaited 4th album “Ingen Skånsel” is ready to be unleashed - and Koldbrann is sounding rawer, harsher and better than ever

Even though deeply rooted in the True Norwegian Black Metal tradition, Koldbrann has carved out their own sound within the genre confines and it sounds fresh, raw and different. There’s a fierce nerve running through the album, and the songs stand out from today's typical black metal sounds. You can feel the aggression throughout the whole album.
