3. Kill the Guardian
4. Unceasing Path
5. Living Useless Ritual
6. Indecipherable Divinities
7. Her Green Arms
8. Scour Order

Description:

For their new album Scour Order, their sixteenth release, KRALLICE comes full circle and returns to Profound Lore (who initially released the band’s first three releases) with a new album that is raging and dark, dense but also expansive. One that slightly recalls the earlier phase of the band yet continues in the forward-thinking/next level singular sonic histrionics that the band have continued to expand and morph upon throughout the years. While the band have been experimenting more with their sound (band members switching roles, the band diving into more ambient and experimental territory etc.) over the last little while, Scour Order sees KRALLICE tether slightly back to more of a progressive black metal aura akin to the first four LPs.
