### Opis produktu

A raw pre-production of material for the debut album and more - an atmospheric introduction and a moody acoustic guitar based instrumental is added, making this a release of its own. Black metal from the desolate abodes of Northern Carpathia.

Re-issue, 290x seablue 12" (140g) in a black poly-lined innersleeve, download card, gatefold full-color on 350g, coated paper, all assembled in a plastic overbag.
