Opis produktu

The release that put Krolok firmly on the map in the underground in 2017. All fat cut out, just five haunting hymns of brooding nocturnal black metal that lurks like a reptile within forlorn castle ruins of Europe's obscure corners. For fans of classic Scandinavian and Central European black metal of the golden 90s era, in its pure undiluted form and with the right authentic spirit.

Re-issue, completely updated layout with 8 page booklet.
