Opis produktu

And once again we want to inspire you with Krolok’s darkness and its mysteries. This time we closed the pact with „Into The Night Records“ to unveil a reissue of „Flying Above Ancient Ruins“ – Kroloks first full length from MMXVII. There is not much to say since most of you are already familiar with this album. Transylvania will rise again, with grotesque faces and ancient spirits along the castle walls. „Flying Above Ancient Ruins“ is a classic black metal recording with a lot of glomy riffs and a pinch of folklore horror stories. The hills of Fagaras will bleed. The forgotten legends will come back after hundreds of years.

This special „picture vinyl“ reissue will come on 180g heavyweight vinyl. The picture vinyl will come with a full printed vinyl sleeve with a die cut hole, a huge poster and a 16-page booklet with all woodcut illustrations by Matúš S. Ďurčík, which were used for the cassette release back in MMXVII (released by Sky Burial).

Cover art by Dávid Glomba.
Woodcut illustrations by Matúš S. Ďurčík.
Layout by Urtod & HV.
