Opis produktu

The highly anticipated debut full-length of this U.S. band. Hailing from the rustbelt Metal hotbed of Cleveland, Kurnugia was founded by ex-members of Decrepit, Nunslaughter, Embalmer. Not surprisingly, this assembly of seasoned underground veterans is heavily influenced by the classic Death Metal of the early 90's, and that's exactly what Kurnugia aim for: to go back right to the roots of the genre and pay homage to the deeds of old, unaware of gimmicks, trends and mindless experimentation. For fans of Immolation, Sentenced, Decrepit and Incantation!!!
