### Opis produktu

**Release Date: 17.December.2025**

**Style: Doom, Gothic Metal**

- Gatefold LP + Poster
- Reverse Printing
- 180 gr.
- Code:TCM020LP
- Barcode: 0634240127526

#### ***You asked for it—and we listened.***

It wasn't just that the first vinyl pressing of **Forever Autumn** vanished almost instantly back in 2022. It wasn't only our distributors and partners who kept calling for its return. It was the steady stream of messages, the quiet persistence of those who missed their chance, still longing to hold this piece of art in their hands.

In 1999 the Swedish doomsters/prog/gothic metallers **Lake of Tears** released "**Forever Autumn**", an album that was destined to leave an indelible mark and be loved madly by **Lake Of Tears** friends all around the world.

Everything in this album, every note, the production, the acoustic parts, the vocals, the melodies, even the cover art, exudes a sweet melancholy, "dripping" autumn, overwhelming the listener with images and emotions, who is invited for 45 minutes to enjoy the infinite majesty of one of the greatest – yet so underrated – bands that have ever been emerged in Sweden.

The 9 compositions of the album blend together so harmoniously that we can't choose which one is better than the other. They flow like a calm river that suddenly becomes stormy. From the opening kick of the mesmerizing "**So Fell Autumn Rain**" to the phantasmagorical finale that "**To Blossom Blue**" offers, there is not the slightest point where the interest is lost. Although all these are known and said thousands of times, we feel the need to repeat them once again.

After all, "**Forever Autumn**" is now considered a classic album and that's what it is!

#### **Tracklisting:**
