B side features a glow-in-the-dark screen print.

Italian Death Doom Metallers Larvae recently released their latest EP of putrid music. Now Me Saco Un Ojo is giving this cult cut of morbidity the vinyl treatment.

Filling the air with that cult atmosphere of Italian horror with a short introduction, fans of the macabre will be bewitched. This soon gives way to fetidly grisly riffs that spew forth slowly with a grotesque soundscape atop primitive drums and with vomitous vocals adding further disgust to the mix. Undeniably some of the most grotesque Death Metal you will hear, crawling like maggots under rotten flesh. Aside from mastering a repulsive atmosphere, Larvae will be noticed for having a unique take on the genre, while keeping it old school, sounding like no other band you’ve heard before. These short bursts of decay-spraying terror will surely entice the sickest freaks among you while the rest will be haunted by some estranged nightmares...

Make sure you do not miss this demo’s vinyl reissue so it can rot your collection from the inside out!
