Opis produktu

SHADOW RECORDS (distributed & marketed by REGAIN RECORDS) is proud to present LIFVSLEDA’s debut EP, Manifest MMXIX, on CD, 12” vinyl, and cassette tape formats.
LIFVSLEDA was spawned to earthly existence with the aim to recapture the old feeling of early Nordic black metal - a scene the members, in one way or another and in various constellations, have been involved with since its glorious beginning. With a strong fascination with death and the magic of memento mori, they summon the spirits of old, unleashing four songs of death-worshiping Swedish black metal. Recorded on broken instruments, literally out in the wild, surrounded by the Swedish woods and a creeping darkness, you can feel the rotten stench and presence of something great that once was.
With LIFVSLEDA’s Manifest MMIX black metal is reborn.
