Lunar Aurora (GER) – Ars Moriendi

Founded in 1994 and led to rest in 2012, LUNAR AURORA during their existence released 9 full length albums, two demos and some split releases with SECRETS OF THE MOON, PAYSAGE D'HIVER and NORDLYS.
Partly atmospheric, partly aggressive but always unique and special, LUNAR AURORA created a deep and mysteries sound full of grim Black Metal with symphonic, ambient and modern classical elements.

Originally released in 2001 by Ars Metalli, this fourth album by LUNAR AURORA will now be re-released in it's original layout on black wax and picture-disc.
Recorded and mixed at Tonstudio Hörnix (ABIGOR, SUMMONING..) *Ars Moriendi* is an aggressive, wayward and majestic album which impressively confirms that there was also unique Black Metal art from Germany in the early 2000s.

Vinyl-Masters were done again by Patrick W. Engel at Temple Of Disharmony.

Available as black vinyl + picture-disc, 12-page 12" booklet, A2 poster.
New liner notes by Whyrhd.
