Lunar Aurora (GER) – Elixir Of Sorrow

Founded in 1994 and led to rest in 2012, LUNAR AURORA during their existence released 9 full length albums, two demos and some split releases with SECRETS OF THE MOON, PAYSAGE D'HIVER and NORDLYS.
Partly atmospheric, partly aggressive but always unique and special, LUNAR AURORA created a deep and mysteries sound full of grim Black Metal with symphonic, ambient and modern classical elements.

Originally released by The Oath and Deviant Records in 2004, LUNAR AURORAs fifth album will be finally available again on double black vinyl and picture disc.
As bonus on this reissue, there are songs from the same recording session, which were not released on the original CD.
This is an essential masterpiece of Black Metal and proves once again the greatness and strength of LUNAR AURORA.

Vinyl-Masters were done again by Patrick W. Engel at Temple Of Disharmony.

Available as double black vinyl + double picture-disc, 12-page 12“ booklet, A2 poster.
