Lunar Aurora (GER) – Mond

Founded in 1994 and led to rest in 2012, LUNAR AURORA during their existence released 9 full length albums, two demos and some split releases with SECRETS OF THE MOON, PAYSAGE D'HIVER and NORDLYS.
Partly atmospheric, partly aggressive but always unique and special, LUNAR AURORA created a deep and mysteries sound full of grim Black Metal with symphonic, ambient and modern classical elements.

After having released a picture-disc edition of *Mond* in 2024, in order to celebrate the album's 20th anniversary, we are pround to now offer you an edition on vlassic black vinyl too.

Vinyl-Masters were done by Patrick W. Engel at Temple Of Disharmony.
